Dear Bob,

Thank you so much for selling our home last month. You made the experience such an easy one for our family. Everything from beginning to end was flawless.

We have sold previous homes in other areas, and this was undoubtedly our best experience. We never imagined selling the house so quickly, especially in a buyer's market. Selling the house so close to our asking price was an added bonus. Your professional advice and knowledge is what set you apart from the other realtors we have worked with in the past. Your utilization of the internet, knowledge of the market, company resources, feedback on showings, and positive approach made the entire process stress free (and actually enjoyable).

We would highly recommend you to anyone looking to buy or sell a home in the Fort Wayne area. Again, thank you from our entire family for doing what you do in such a great way.

Sincerely,
Mike, Karen, Abigail
Blythe, and Claire Wing
